Arrivals & Departures video

Information on how to arrive & leave site is detailed below.

This same information is available in a short video along with maps and diagrams - for some, this may be more digestible than words on a page! You can find this video online at:

www.getincamp.co.uk/trafficvideo

Look out for our signs!

Please follow 'Warwickshire Scouts' temporary road signage - this will ensure you arrive safely, as planned in conjunction with the relevant authorities.

as they will lead you to site against the flow of traffic; the site will be operating a one way system so coming from the wrong direction means you will be sent back around to join the back of the queue.

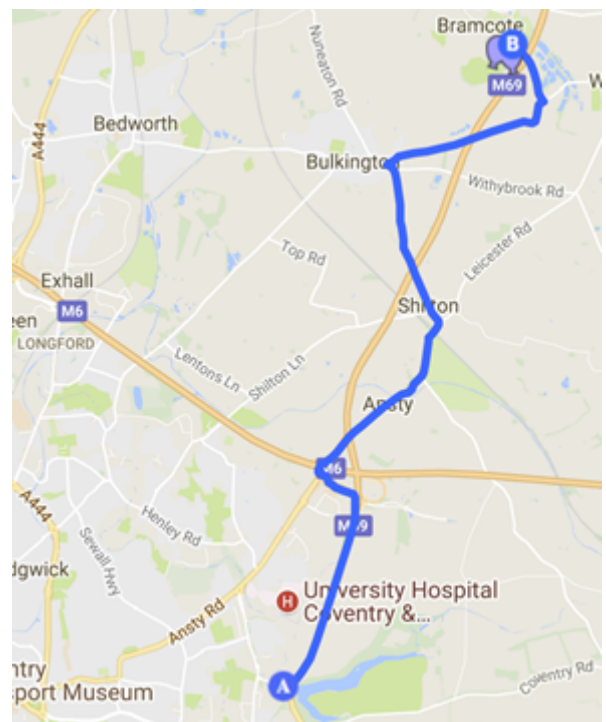

Please note that using the Fosse may also bring you to site in the wrong direction - the directions below show the correct way to reach Bramcote Barracks. Please ensure you share this information with all leaders, parents and guardians driving directly to the site.
